

LORNE ON AMERICA.

Comments on Canada and the United States.

LONDON, Jan. 31.—At a meeting of the Society of Arts last evening, the Marquis of Lorne presiding, a paper was read upon emigration to Canada. Princess Louise is interested in the work of the Emigration Society.

Galt, lately High Commissioner for Canada, said 200,000,000 acres of land had been given away in farms on the simple condition that farmers should have the right of ownership.

The Canadians thus rejected the doctrine of Henry George. The Marquis of Lorne said he had been greatly surprised to see a "most extraordinary telegram, purporting to have emanated from New York, which asserted that the finances of Canada were in a bad way, and were going generally to the devil," but he had been relieved the next day by receiving a letter from the Secretary of the High Commissioner for Canada, which showed that the figures in the dispatch were altogether erroneous, in many instances hundreds of thousands of dollars out of the way. This had led him to the conclusion that while many people in America were kindly affected toward Great Britain and all things British, certain others were quite the reverse. As far as he himself was concerned, he could only speak most lovingly of the American people; but at the same time Englishmen should not allow their love for their kinsmen across the Atlantic to make them forget their own flock in America had the first claim upon them.

A Swindler's Little Game.

TITUSVILLE, Pa., Jan. 31.—A stranger, claiming to be J. B. Studelaker, of the celebrated firm of wagon makers, Studelaker Bros., of South Bend, Ind., came to this city on Saturday last, representing that he was about to open a branch factory here, and to employ 500 men. The greatest public interest was immediately excited, and the stranger selected a site on which to build, and the papers were to have been signed at two o'clock in the afternoon. But in the morning he succeeded in passing at the Commercial Bank a forged check for \$500 on the Quinsack Bank of Newburg, N. Y., and left the town in a sleigh. He was arrested at Sandy Lake.

An Egyptian Appointment.

Cairo, Jan. 30.—One of the results of the conference between Sir Evelyn Baring, the British Diplomatic Agent, and M. Barre, the French Diplomatic Agent, in regard to French interests in Egypt was the appointment of M. Munce, a Frenchman, who has been kindly disposed toward British influence in Egypt, to the important post of Director General of the Egyptian revenues.

THE HARD-WORKING MAN.

He was a hardworking man, and for a good many years he had been working twice as hard as any man ought to work.

He said he had a splendid constitution, and that he could stand it. He forgot that as years passed on the waste of the system is much greater than in youth, while the repair of it is less.

He became weak, debilitated, nervous and despondent. He regarded the future with dread, and said he had worked himself into an untimely grave.

But he was not taken to the cemetery at all. Instead of that, a good friend brought him some Brown's Iron Bitters.

He began to pick up strength. That was what he wanted. Brown's Iron Bitters enriched his falling blood and put new life into him. It toned up his digestive organs so that his food began to nourish him and do him good. Most heartily does he recommend Brown's Iron Bitters.

KENDALL'S SPAVIN CURE.

SANTA ROSA, California, Feb. 8, 1892.

B. J. KENDALL & Co., Gentls:—I feel it a duty to others suffering with the piles and swelling of the rectum to write to you. I have had the piles and protrusions of the rectum for five years, for the past three years I have suffered the most agonizing pain. I tried everything without relief, but after ten days use of Kendall's Spavin Cure, I have not seen or heard of the piles since. One who has not suffered as I have cannot comprehend the relief that I felt at being cured of a disease almost worse than death. I lost a valuable young horse that had a large tumor gathered on his hind bone. I tried all kinds of treatments and had it open without any benefit. I saw your advertisement and bought a bottle of Kendall's Spavin Cure and cured my tumor to use as directed. I feel that one week the lump had disappeared. Thinking that it would do me no harm I bought Kendall's Spavin Cure and have it for my horse. It has benefited more. I tried it as a last resort. With gratitude and best wishes for your success, I am, sir, respectfully,

J. H. GLENN.

Kendall's SPAVIN CURE On HUMAN FEEL.

VERAY, IND., Aug. 12th, 1891.

DR. R. J. KENDALL & Co., Gentls:—I have of circulars received today. Please send me some with my name on them. I have one of the Kendall's Spavin Cure in my side only. The Kendall's Spavin Cure is an excellent remedy with it, but for human ailments alone, Mr. J. H. Glenn, one of the leading farmers in our county, sprained his back badly, and knowing the value of the remedy for horses, tried it on himself, and it did far better than he had expected. Cured the sprain in very short order.
